

Babila Twist

DESIGN ODO FIORAVANTI
PEDRALI OUTDOOR, ITALY

Babila Twist is part of a collection known for its harmonious shapes, with a profile defined by a blend of straight and curved lines that bridges the artificial and natural worlds. This steel armchair features a large, welcoming shell woven with a flat rope made of weather-resistant polypropylene, making it ideal for outdoor environments.

The defining feature of Babila Twist lies in its combination of a woven body with a tubular steel frame and seat slats. These slats are screwed in, allowing for easy disassembly and recycling. For added comfort, the chair includes a cushion crafted from dry-feel polyurethane foam that dries quickly, covered in fabric suitable for outdoor use.
