

Caementum

PEDRALI®

DESIGN MARCO MERENDI & DIEGO VENCATO
PEDRALI OUTDOOR, ITALY

Caementum features a refined, delicate geometry in a single-piece concrete table with a central base. Enhanced with specialised additives, this durable material ensures excellent technical performance, including easy cleaning, high resistance to mechanical stress and weather, and low permeability to liquids and stains.

The base includes a nylon foot to protect contact surfaces, and its hollow interior aids mobility. Designed for versatility, Caementum adapts seamlessly to various settings, especially outdoor environments in both public and residential spaces.
