MIDJ

DESIGN FRANCO POLI
MIDJ, ITALY

The P47 Collection is inspired by the unknown. Designer Franco Poli set out to create a seating collection that explored the use of leather in a new and innovative way. Leather, the hero of the collection, is fixed directly to the steel frame, anchored by discrete rivets, creating a play on tension and extraordinary comfort.

The P47 is available for both residential and commercial applications, offering a range of armchairs, stools, lounges and tables on a number of base options.
