

## *Thimble*

**DOWEL JONES**

**DESIGN** DALE HARDIMAN & ADAM LYNCH  
DOWEL JONES, AUSTRALIA

Thimble is a single piece spun aluminium stool. The cylindrical design of the Thimble, and choice of either a powder coating or polished raw metal finish, means that the stool fits comfortably in contemporary styled homes or apartments, or in the commercial restaurant/cafe environment. Thimble is perfect for use both indoors and outdoors, and is incredibly stackable.

Thimble is available in a multitude of colours.
