DESIGN NENDO
WÄSTBERG, SWEDEN

The w132 Nendo collection, designed by the renowned Japanese design studio Nendo for Wästberg, is a beautifully minimalist light that merges form and function in a truly unique way. Its simple, geometric design and soft, diffused light create a calming atmosphere in any space, making it the perfect addition to both contemporary and classic interiors.

Crafted with precision and care, The w132 Nendo is made from high-quality materials, offering both durability and refined beauty. The carefully considered design ensures optimal light distribution, providing ambient illumination that's ideal for a variety of settings, from the home to the office.

With its elegant form and understated presence, The w132 Nendo is a statement piece that complements a wide range of spaces. Whether used as a pendant light or a table lamp, it delivers a sense of quiet sophistication, making it an essential addition to any modern interior.
