

w171 Alma Flush

wästberg

DESIGN THAM & VIDEGÅRD
WÄSTBERG, SWEDEN

The w171 Alma, designed by Swedish design duo Tham & Videgård for Wästberg, is an elegant pendant light that marries simplicity with refined design. With its organic form and soft, sculptural lines, the Alma brings warmth and sophistication to any space, making it perfect for both residential and commercial environments.

Crafted with attention to detail, The w171 Alma features a concave shade that beautifully diffuses light, creating a soft, ambient glow. Its minimalist design and clean proportions make it versatile, seamlessly complementing a variety of interior styles, whether in a dining room, living space, or hospitality setting.

The timeless elegance of The w171 Alma ensures that it not only provides functional lighting but also serves as a standout design piece, bringing both style and atmosphere to your interior.
